More than GIVING

VisionSave 2017

The dandelion's light, feathery seeds are carried long distances on the wind, increasing their chances of landing in a suitable place for growth. Donations to the Singapore National Eye Centre are similarly dispersed, benefiting many patients by supporting a wide variety of needs.

The impact of your generosity spreads far and wide, taking root in more ways than you know. Your contributions light up lives not just today, but also give flight to our vision of a future free from blindness and eye disease.

Thank you.

"We seek your generous support and partnership in our efforts to prevent vision loss and improve eye health for everyone in Singapore and beyond. We are grateful for the opportunity to share our work with you and to count on your contribution. Together, we can make a difference for our patients and the community. On behalf of all our patients, their families, and our staff, thank you!"

PROFESSOR WONG TIEN YIN

Medical Director, SNEC & Chairman, SERI

Chair of Ophthalmology & Vice-Dean of Clinical Sciences, Duke-NUS Medical School

Deputy Group Chief Executive Officer (Research & Education), SingHealth (Designate)

VisionSave's mission is to unceasingly pursue efforts to raise awareness of eye diseases and the fragility of vision, and to explore new ways to treat eye diseases and save vision. Every contribution, big or small, makes a difference and touches lives. By giving, caring and sharing, we bring hope to those who have none.

ADJ ASSOCIATE PROFESSOR HO CHING LIN

Senior Consultant, Glaucoma Service, SNEC

Director, Strategic Development and Philanthropy, EYE ACP, Duke-NUS

More than SEEING

Clinical Service

At SNEC, we are guided by our vision to provide the highest quality of eye care, and to continually elevate it to the next level. Philanthropy provides a valuable means for us to strengthen our research capabilities and explore continuous innovation in care models towards cost-effective quality eye care for all, meeting the future needs of our young, as well as the increasing demands of an ageing population.

Our Sincere Appreciation

"We may not be able to help everyone, but if each of us do our small part, the collective good can be quite overwhelming."

MR CHUA TIAN POH

Chairman, Ho Bee Foundation

Our Sincere Appreciation

"As John Rockefeller aptly proclaimed, "think of giving not only as a duty but, more importantly, as a privilege."

MR HIROSHI YAMAMOTO

Managing Director, Santen Pharmaceutical Asia

"We invite you to join us in a unique opportunity where you could help restore a person's sight via innovative clinical intervention, or even improve thousands of patients' vision through translational research."

DR MARCUS ANG

Consultant, External
Eye Disease Department
Singapore National
Eye Centre

Grateful Recipients

"Giving is our way of reaching out to our fellow humans in need. Giving not only helps others, but importantly, it also nourishes our spiritual growth."

ADJ ASSOCIATE PROFESSOR EDMUND WONG

Deputy Medical Director
(Clinical Innovation)
Head, Surgical Retina Department
Singapore National Eye Centre

I would like to thank the support from VisionSave. With this support I am able to receive treatment which I would not have been able to afford.

MR KOH TUCK SOON

Recipient of the VisionSave Financial Assistance Scheme

I am very grateful to VisionSave for giving me the opportunity to receive treatment for my eye problems. I sincerely hope that through more such donations, more people can then receive assistance from VisionSave.

MR TAN HOCK MENG

Recipient of the VisionSave Financial Assistance Scheme

Grateful Recipients

More than EXPLORING

Research

Science and research play a vital role in our ability to advance eye care through new clinical innovations. Philanthropy serves as a conduit that enables both patients and doctors to benefit from new knowledge and novel advancement in eye care delivery, transforming research exploration into improved patient outcomes.

"Giving is the only way to return to the world even a tiny bit of the happiness and beauty that life has bestowed upon us. As Archbishop Desmond Tutu has aptly put it, "Do your little bit of good wherever you are. It's those little bits of good put together that overwhelm the world."

MS MAGGIE GORSE

Founder & CEO, Verlion Pte Ltd

Our Sincere Appreciation

The Singapore Eye Research Institute is restoring clear vision to our nation and its citizens. I am proud to be amongst its supporters.

MR TONY CHEW

Executive Chairman,
Asia Resource Corporation

"SERI and SNEC are truly committed to the prevention and treatment of vision impairment and blindness in the community, with special focus on individuals of low economic status. The generosity of our donors and the VisionSave initiative allow us to sustain our eye screening programs and implement our models of eye care to improve vision-specific daily functioning and the quality of life of thousands of community-living Singaporeans."

PROFESSOR ECOSSE LAMOUREUX

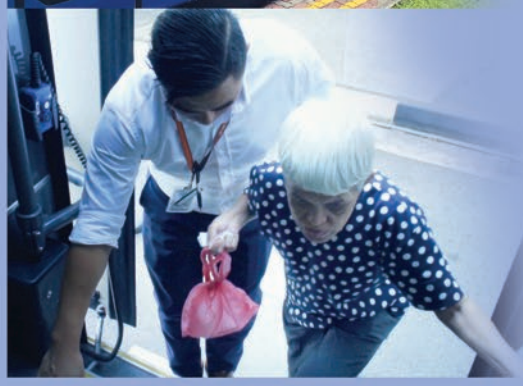
Director, Population Health
Singapore Eye Research Institute

Grateful Recipients

"Philanthropy is a very important and unrecognized part of improving the lives of our patients. VisionSave has provided the funding to develop new and cutting-edge ideas to improve the care of eye diseases. It enables us to provide support for rare disease and novel treatments which may otherwise be overlooked by the mainstream healthcare system."

DR GAVIN TAN

Consultant, Surgical Retina Department
Singapore National Eye Centre



Grateful Recipients

The VisionSAve Community outreaCh initiativE to Save Sight (ACCESS), to be funded as part of the VisionSave fund raising campaign, aims to better understand and improve the visual health and quality of life of the old and underprivileged.

At the core of this program is a fully equipped mobile eye assessment unit that is able to bring screening and eye care services to vulnerable sections of our population.

VISIONSAVE MOBILE EYE BUS

More than LEARNING

Education

Education empowers and sustains our vision to save sight and prevent blindness. Philanthropic support continues to be an important leverage in our efforts to achieve excellence in eye care education, through the nurturing of a robust pipeline of competent, caring healthcare professionals, and in turn assures us of a 'best-in-class' eye care delivery resource for generations to come.

Our Sincere Appreciation

"I would like to reaffirm the words of the late Winston Churchill who once said, "We make a living by what we get, but, more importantly, we make a life by what we Give."

MR ESMOND CHOO

Senior Executive Director,
UOB Kay Hian Pte Ltd

> An effort made for the happiness of others lifts us above ourselves and provides a special kind of fulfilment that no amount of money can ever buy.

MR CLINTON ANG & MRS TINA ANG

Managing Director, Hock Tong Bee Pte Ltd

Our Sincere Appreciation

"The partnership between SNEC and SERI has produced some of the best research in the world, and among the most qualified doctors and scientists in the field. We aim to build on this foundation so that current and future generations can be confident that the eye care they receive is of the highest quality. Your contribution through VisionSave will have an enormous impact on this."

ADJ ASSOCIATE PROFESSOR RAHAT HUSAIN

Head, SNEC Ophthalmology Service, CGH
Senior Consultant, Glaucoma Department
Singapore National Eye Centre

Grateful Recipients

"Under the SNEC-SERI Clinical Academic Fellowship, I was given the opportunity to explore different types of research. This wonderful opportunity has helped me to develop further as a clinician, to apply innovation to better understand certain conditions. It is great to know that this further benefits our patient's future through improving their sight or quality of living."

DR ANGEL JUNG

SNEC-SERI Clinical Academic Fellow
for Medical Officers

"Philanthropic donations established to promote scientific training of clinicians helped fund me through my PhD. Now as a qualified clinician scientist doing basic science research, my focus is on applying scientific advances towards improvement of patient care. Donations through VisionSave allow us the means to safely develop and translate these scientific advances into novel diagnostic and therapeutic modalities for blinding ocular conditions."

DR SHWETA SINGHAL

Associate Consultant, General Cataract & Comprehensive Ophthalmology Department
Singapore National Eye Centre

Grateful Recipients

"VisionSave has supported my 4-month stay at the Johns Hopkins University as a Visiting Fulbright Scholar. In conjunction with this prestigious scholarship program, I will be working very closely with the Ophthalmology and Machine Learning Units to further my understanding on the utilization and optimization of the artificial intelligence in various eye diseases, which is in line with Singapore's vision of becoming a Smart Nation."

DR DANIEL TING

Associate Consultant, General Cataract & Comprehensive Ophthalmology Department
Singapore National Eye Centre

More than CARING

Philanthropy

Every gift we receive empowers SNEC to trailblaze new boundaries in clinical services, education and research in ophthalmology, to pursue the acquisition of new knowledge, and to strive for groundbreaking innovation in eye care delivery. All of which translates to new and better treatments for our patients.

"In the words of Leonardo da Vinci, "There are 10 attributes of sight –Darkness, Light, Solidity and Colour, Form and Position, Distance and Propinquity, Motion and Rest." To give sight to those who cannot see is priceless."

MR SUNIL KAPPAGODA

Advisor, Fintech, Banking and Financial Services

Wise Counsel

from the MD's Advisory Council (Philanthropy)

"I wish to echo the words of the late Charles Dickens, "No one is useless in this world who lightens the burdens of another." That to me is the embodiment of Giving."

MR KOH TIEN GUI

Partner, Rajah & Tann

Investing in Singapore's Sight

SNEC and SERI are uniquely positioned to move ever closer to a world without eye disease or blindness.

In preparing for that envisioned future, we cherish the partnerships that will be developed and maintained between the visionaries at the Institute and those who pledge their support.

This partnership will create and sustain the heart and soul of SNEC and SERI, as we strive to prevent debilitating eye disease and bring happiness and a better quality of life to those with impaired vision. You too can be a part of this amazing and life-changing journey.

VisionSave – An Overview

The VisionSave campaign was conceptualised to aid us in our quest to improve the lives of our patients. It serves as a bold and transformational effort to leverage on philanthropic investments to pave the way for a holistic augmentation of ophthalmology care delivery. The ultimate goal is to save sight and transform the lives of our patients, and beyond, through innovative, cost-effective impactful eye care therapeutics, alongside preventative and treatment strategies.

Funds received will go towards supporting five causes that are integral drivers in our efforts to innovate and translate medicine in the most impactful manner.

CONNECTING HARDWARE WITH SOFTWARE

NURTURING THE NEXT GENERATION

Our focus on these core areas aims to ensure cost-effective and optimal outcome for every patient:

- Financial assistance for complex, cutting-edge and novel therapies / surgeries for sight-threatening eye diseases
- Public education / Community outreach / Humanitarian efforts
- Future-focused education
- Research and innovation
- Infrastructure / Capacity building

If you wish to support our efforts, please contact us:

Tel: **(65) 6322 4541**
(65) 6322 8893

Email: **visionsave@snec.com.sg**

Website: **www.visionsave.sg**

DISRUPTIVE INNOVATION IN EYE RESEARCH

Thanks to your gracious donations, we are able to remain more focused than ever in our efforts to deliver novel, quality and cost-effective eye care to our patients.
Your generosity is truly appreciated.
