

# IS YOUR CHILD SHORT-SIGHTED OR AT RISK OF BECOMING SHORT-SIGHTED?

## Looking for participants

for a research study on whether the use of low dose atropine eye drops (0.01%) can PREVENT the onset of myopia in young children at risk and SLOW down progression in children with early myopia

## ATOM 3 Clinical Trial

### Inclusion criteria:

1. Children aged 5 to 9 years old
2. No ocular abnormality except for eye degrees between +1.00D to -0.49D **OR** -0.50D to -1.50D
3. At least one parent with myopia (-3.00D or more in at least one eye)

**If you are interested for your child to take part and wish to know more, please contact us for more information.**

**Telephone numbers: 6322 4500/6322 4501**

(Mon- Fri, 9am to 5 pm)

**Email: [ATOM3@seri.com.sg](mailto:ATOM3@seri.com.sg)**
